

Scorekeeping Clinic

The APA only functions when handicaps are correct. There are 2 ways in which the system fails. 1 – People intentionally cheat to manipulate the system 2 - Scorekeeping errors that affect the handicaps

These clinics are designed to help eliminate both sources of problems. This is not only to benefit the league, but to benefit you and your teammates as well.

****IT'S HIGHLY SUGGESTED THAT LOWER SKILLED PLAYERS ATTEND A CLINIC****

ALL SKILL LEVELS WILL LEARN SOMETHING!!!

WE ARE GIVING AWAY BONUS POINTS TO TEAMS FOR EACH TEAM MEMBER THAT ATTENDS AND SUCCESSFULLY COMPLETES THE SCOREKEEPING CLINIC

8- Ball - 1 point per person attending up to 5 points total per team

9- Ball – 8 points per person attending up to 40 points

- All bonus points for attendance will be awarded to teams approx. 1 week after the last clinic is held**

We will cover MANY things in this clinic, not just how to keep score. With your help, we will be able to run a better league with more accurate handicaps and fewer disputes on your fun night out.

Thank you all in advance for taking part in helping make the APA a better league!
